MARCH 9TH 2018

## IN LIKE A LION!!!

March is here and it sure is coming in like a lion!! We aren't here to spew the company line but our job is to protect you. The best way to do that is to give you a heads up on the

disciplines we're seeing on a regular basis. Call flow and BAU seem to be at the top of the hit list so be careful—they're always listening!!
