RESULTS ARE IN!!!!

In case you missed the email from our Business Manager Barb Carson last week, IBEW and CWA overwhelmingly voted to ratify the 4 year extension with the company.

This is a major victory for our Union. The company's willingness to bargain a year in advance and come to an agreement is a testament to the strength of our Union. This does not mean we can go into coast mode. We need to continue with this momentum and get even stronger day by day, month by month, and year by year!!! BE UNION STRONG!!
