

July President/Business Manager's Report

The last few weeks I have been busy negotiating a contract extension with Verizon in New York City. As reported early this week, we are working on finalizing a 4 year extension. Our current contract expires in August of 2019, this deal will move that out to August 2023. I look forward to 5 years of no strike worries!

Although I am not able to discuss the details yet as we haven't signed anything, I will get all the information out to you as soon as I can. I will be visiting each office in the next few weeks so that our members can vote on it. I believe you will all be happy with what the Bargaining Committee and I are bringing back, I am confident we will have no problem ratifying this.

In Solidarity,

Barb
