CLARIFYING ARTICLE XXV!!

In March we talked about Article XXV, misconduct, offenses, and penalties. This is a bi-law in the IBEW constitution that states as follows: Any member may be penalized for committing the following offense: (G) Wronging a member of the IBEW by ANY act or acts (other than expression of views or opinions) causing him or her physical or economical harm. Any member convicted of this above

named offense may be assessed or suspended, or both. We want to clarify what that really means. If you speak to management about another member and the information you give causes that member to be suspended, you could be liable for that members lost wages! We are a family of brothers and sisters, keep family business within the family. If you have an issue, speak with a steward. If management asks you about another member make sure you have a steward with you.

Please be sure to continue to attend your local unit meetings. This is the time you have to come and ask the union any questions you may have. Even though we have an extension we still need everyone to stay involved.
