

AUGUST PRESIDENT/BUSINESS MANGER REPORT

The official results were released on Friday and IBEW 2213 members overwhelmingly voted **YES** to ratify our contract extension – and by overwhelmingly I'm talking like **98.8%!!** I genuinely believe you made the right decision. This contract is good for all of us and I am proud to have been a part of the negotiations.

I'd like to personally thank every single one of you that voted. We had a bigger turn out for this ratification vote than we did for our elections last year. I hope that is a sign folks are becoming more involved and want their voices heard. The union isn't just made up of the Executive Board and stewards, it's **ALL** of us!!

It was great getting out to all of the offices in July to see you and answer your questions. I appreciate the comments, conversations and suggestions you shared with me. I'll see you all again soon!

In solidarity,

Barb
