DON'T SUPPORT ACTING!!

It has been a long time since any offices have had such positions, however we want to send out a reminder. The Union does not support or encourage acting for management. The only type of offline work the Union is behind is the bargained for TA'ing. This is solicited and done by seniority and rotated. The company uses acting to get around the bargained TA position, showing favoritism and not done by seniority or job knowledge. Anything an acting manager does can be used against a member for discipline, that is not the case when you are TA'ing. (Review Article XXV)

WHAT IS A LABOR UNION??

An organization of workers formed for the purpose of advancing its MEMBERS' interests in respect to wages, benefits, and working conditions, and members of a labor union with job protection under a collective bargaining with the employer.
