Steward Spotlight!!

My name is Paul Barnas and I am out of the Buffalo CSSC. I have been with the company for just about 12 years now. I have been a Steward for going on 4 years. I am also the Vice-Chair for the Western Unit. I did not grow up in a Union family. It wasn't until I started with the company that I understood what the Union means and how important it is to our livelihood. I became a Steward because I believe in holding the company accountable for the collectively bargained for agreements. I also believe, confidently, that I can educate my Union brothers and sisters the goals of our local.
