SOCIAL MEDIA!!

IBEW 2213 Brothers & Sisters!!

Now that we are working at home, the place may have changed, the message has not. **PLEASE** be mindful of the pictures and things you post in social media. Be especially careful of the CPNI information on your screens. Err on the side of caution and avoid any pictures of your work set up entirely. As always make sure you do not have the company listed as your employer on your social media profiles! You could always list IBEW2213!!

Barbs Beat!!

Let's talk about logging in...so many of us start the log in process before our tour starts. Don't do it! For example, if you're scheduled to work at 8 am, don't even begin to sign in until 8 am. We do NOT work for free! No one can require or even ask us to do this if they're not paying us. Time is money, even if it's just a few minutes. If you add up those minutes over the course of a week, month or a year that's valuable time that you gave away. Slow systems are not our problem! For those of you working at home, please do not be logging into the system after hours. The company can see this and is monitoring this!!
