IN SOLIDARITY

IBEW2213 MEMBERS!!

We are still in a pandemic. Working from home has been a blessing for all of us, we've been able to continue earning a paycheck and providing for our families. In that same spirit we have kept the com-

pany up and running, making money! We are the backbone of this company! It's easy to get comfortable and become complacent but we need to remember we are a UNION and we have a contract that protects us. Don't allow that to be ignored! Our work rules haven't changed. If something doesn't seem right, reach out to your stewards for guidance.

WE MUST STAY UNITED!!!!
