What is Labor Day About...

Labor Day pays tribute to the contributions and achievements of American workers. It was created by the labor movement in the late 19th century and became a federal holiday in 1894.

On Monday, September 7 we will honor the contributions workers have made to the strength, prosperity, and well-being of our country. All of the benefits we enjoy today, and often take for granted, were fought for by unions including; the 5 day work week, OT pay, sick/disability leave, vacation time, child labor laws, safe workplaces, paid holidays and so much more..

Monthly Unit Meetings!

Now more than ever, it is important to attend your local unit meetings via ZOOM. This is the time you have to come and ask the union any questions you may have. Especially with WAH, we still need everyone to stay involved.

To all those who
recognize and celebrate the
ongoing fight for workers rights!
