IBEW 2213 UNIT MEETINGS

During October's Executive Board Meeting, it was decided that instead of having four unit meetings each month, for the duration of this pandemic there will be one general meeting for the entire local. We will continue to use Zoom for the foreseeable future. Of course when this crisis is over and we return to our offices, we will go back to having regular unit meetings at each location as we have always done in the past.

Our next meeting will be on Wednesday, November 18 at 7:30 pm. We will send out a reminder a few days before. You'll need to reply that you'd like to attend and we will send you the Zoom link. There is a call in feature for those that do not have video access.

Please join us! Since we haven't been together in the offices every day, it's become more difficult to stay in touch. Pop in, ask questions, catch up with your coworkers and meet some folks from other areas. We'd love to see you!

It's important that our membership remains united. Our strength is in our SOLIDARITY!!
