IN SOLIDARITY

Happy New Year! There's so much to look forward to in 2021. As I watch the vaccine being rolled out I am overwhelmed with feelings of hope. My daughter, a healthcare worker, recently received her first shot. There's a light at the end of this tunnel folks! Soon we'll be reunited with family, friends and co-workers that we haven't seen in nearly a year. In the meantime, **STAY SAFE!** Wear your mask, practice social distancing and keep doing the right thing.

In Solidarity,
Barb
