IN SOLIDARITY

WHAT IS LABOR DAY...

Labor Day pays tribute to the contributions & achievements of American Workers. It was created by the Labor Movement in the late 19th century and became a Federal Holiday in 1894. On Monday, September 6th we will honor the contributions that workers have made to strengthen, bring prosperity to, and the well-being of our country. All of the benefits we enjoy today and often take for granted, were fought for by Unions. They were fighting back then and still fighting today for 5 day work weeks, OT pay, sick/disability leave, vacation time, child labor laws, safe workplaces, paid holidays and so much more.

Please keep track of your time off; be it absence, tardy, leaving early, short notice, exempt time, vacation days, or NYS Paid Safe & Sick Leave. It's much easier to correct an error when we find it right away, than it is later once steps or discipline is involved. As always reach out to your Steward with any questions. We will all be happy to help you.

The 2022 open enrollment is just around the corner. If you are getting the \$100 Health Assessment credit currently, **IT WILL NOT ROLL OVER!!!** In order to receive the \$100 credit in 2022 you must retake the Health Assessment this year.
