

November President/Business Manager's Report Barbara Carson

The past few weeks I've spent a great deal of my time in negotiations with Verizon regarding the federal vaccine mandates. These meetings have been my top priority. Both CWA and IBEW are doing everything we can to minimize the impact of the mandate on our membership. I know everyone has strong opinions on this subject, and I hear your concerns. This executive order is beyond our control, the Company must comply. It's my job to be honest with you, even when it may not be what you want to hear. Protecting your job is my job, and I take that very seriously.

Our last union meeting was very well attended, thank you! I enjoy seeing you all. This is your time to ask questions and get answers directly from me. Please continue to join us and stay informed!

In Solidarity,

Barb
