January 7th 2022

IN SOLIDARITY

Verizon offers two testing options for COVID-19 that are paid for directly by Verizon, no insurance coverage needed.

### CVS Employer-Sponsored COVID-19 Testing:

Verizon has partnered with CVS to provide COVID-19 testing in a manner that will have your test results shared directly with Verizon. Tests are administered at CVS retail locations. Note, this link is for Verizon employees only.

**Clinical Reference Laboratory (CRL):** Verizon has partnered with CRL to offer a free at-home, saliva-based PCR test for employees and their covered dependents. Order a test kit directly from CRL and receive via FedEx overnight shipping. The test kit contains return packaging and a prepaid FedEx overnight shipping label. COVID-19 test results will not be shared with Verizon for test kits ordered using this link. Note: You must use your Verizon email address when placing the order.

**Speaking of COVID**, you can request up to 4 hours of paid time to get your booster

Our next Union Meeting will be held on **Monday, January 10th @ 7:30pm** via Zoom. Check your email for the info to join! We hope to see you all there!

Just a friendly reminder...
