

**June**

## **President/Business Manager's Report**

**Barbara Carson**

**Due to ongoing contract extension negotiations and the blackout the Unions and Verizon agreed to, I have very little to report this month. These discussions have been my primary focus. Hopefully I'll have good news to share soon! In the meantime, WAH has been extended through July 16.**

**Don't forget to submit your Health & Wellness forms and look for upcoming details about our new book reimbursement program for college students!**

In Solidarity,

Barb
