IN
SOLIDARITY

In Memory of...

It is with deep sadness that we share the passing of our dear friend and our IBEW Brother Mark Martinez. Please join us in sending our sincerest condolences to his family and coworkers during this difficult time.

In 1995, Mark started his career with Verizon. He was a representative in our Kingston Customer Financial Services (CFS) department. In 2019 President/Business Manager Barb Carson invited him to join our 2213 team as a Union Steward.. Mark was a great person and a strong union member. He always had a smile on his face, a positive attitude and a generous spirit.

It was impossible not to love Mark. He instantly made friends with everyone he met. He believed in Unionism, Solidarity and his Dedication to Local 2213 was immeasurable. To say he will be greatly missed is an incredible understatement.

Rest in Peace

Many have reached out wondering how to make a donation to his family. Below is a Go Fund Me link set up for his fiancé and young son.
