

March 27-29 Vice President Tammy Torrence and I attended the IBEW Government Affairs Conference in Washington DC. We met with members of Congress to discuss legislation that supports middle class, working Americans and protects Union jobs. It was a great experience that reinforced our beliefs in the importance of voting.

Today I signed an agreement with Verizon to amend our Letter of Agreement (LOA) regarding 5G work to include 4G.

The Northeast Unit meeting was on April 11, Central South was April 13, Central North April 18 and Western April 19. I was in attendance in every area.

In Solidarity,

Barb
