

Our office is moved to Albany! This was a decision made by the Executive Board to best utilize the funds of our local. Since we've begun WAH, we don't have the same needs for office space that we did prior to the pandemic. This move will drastically cut our monthly expenses. My sincerest thanks to those that have helped this transition go smoothly!

Our 4% raise went into effect this month. I am proud to have been a part of the IBEW/CWA Bargaining Team that negotiated this for our members. It's the biggest increase I've seen in my 25+ years with this company.

Don't forget to check out the Work and Family benefits available to you! I've been trying to get that message out in our local's correspondence and in addition I've recently sat in on some team huddles to answer questions. This is money that is yours for the taking!

In Solidarity,

Barb
